

Frequently Asked Questions about the Cruise-in

Q: Where is this event?

A: The event will be at the **Monticello-Wayne County Memorial Park** at 509 Michigan Avenue in Monticello, KY. The designated area will be in the front grassy area on the right by the entrance. Park in the grass between the white gazebo and the shelter house close to Michigan Ave. In the event of a scheduled park conflict, please check for updates on the Lake Cumberland Life Facebook page.

Q: When is the event?

A: **Every third Saturday evening from 5-8pm EST - April through October. The first will be on April 20th!**

Q: Who should attend this event?

A: Anyone who loves cars or people or community or the feel of hanging out with locals on a nice Saturday night! This event is for everyone. If you have a car that you're proud of and want to share it with others, bring it on!

Q: What should I bring?

A: This is a family friendly BYOE (Bring Your Own Everything). As this is our first season of organizing this event, we are in the experimental version. As it progresses, and we can measure attendance and popularity, we intend to host bands and food vendors. But in the beginning, please bring your own food and drink. Always bring your own seating, etc. There are grills nearby if you are interested in grilling. Bring the children as it is directly in front of the Tot Lot playground. Bring your camera; that time of day is absolutely beautiful at our park and you will want to document your time with friends.

Q: What about the Town Cruise at 8pm?

A: We really want everyone to experience the fun of cruising town! Whether you're at the park or not, no matter the type of car that you own, we hope that you will be in Monticello at 8pm to circle town! If you're a young person that has never experienced this, here's what you should know: wash your car (including the tires and wheels and black those tires), roll your windows down, have your playlist ready, and be ready to see your friends. If you're not driving, please grab your supper at one of our great local food establishments, and sit in your car (or out of it or on the tailgate) and watch the local cruisers!

Q: Who can I contact about this event?

A: If you have a question about this that has not been answered here, please contact Mikki Simmons at 606-341-0639 or email us at lakecumberlandlife@gmail.com.
